24 Cases of “Violation of Traffic Safety and Vehicle Operation Rules” Committed by Minors Transferred to Court

In 2024, 2025 and 2026, as of October 20, the Transport Prosecutor's Office transferred to court 24 cases of “violation of traffic safety and vehicle operation rules” committed by minors.

As a result of these crimes, 27 people were harmed: 2 people suffered minor injuries, 11 people suffered moderate injuries, 8 people suffered serious injuries, and 6 people lost their lives.

By age, 1 of the children who committed the crimes was 15 years old, 5 were 16 and 18 were 17; by gender, all of them were male.

Of these children, 3 caused accidents while riding a motorcycle and 21 while driving a car in traffic, and one of them had consumed alcohol.

The court sentenced 5 children to imprisonment and 2 children to restriction of the right to travel, gave 11 children suspended sentences without imposing punishment and applied educational coercive measures to correct their behaviour, and released 4 children from criminal liability.

Two cases are currently under review at the court stage.

> **Under the Law on Road Traffic Safety, a citizen who has reached the age of 18, has passed the examination for the right to drive the relevant category of vehicle and holds a driving licence has the right to drive a vehicle in traffic.**

The prosecution service advises parents not to leave vehicle keys lying around in the open, to improve supervision of their children, to explain to their children the harm and legal consequences that may result from driving a vehicle without a driving licence, and to prevent potential risks.
