Training Organized for Authorized Officials

On October 14, 2026, the Department for Ensuring the Implementation of Infringement Legislation of the General Prosecutor's Office organized training on the topic “Issues Requiring Attention in Infringement Case Proceedings, and the Unified Infringement Registry and Database” for inspectors of the head office and local branches of the Bank of Mongolia.

The training covered issues requiring attention in specific infringement examination procedures, ensuring the rights of individuals and legal entities in infringement case proceedings, procedures for ensuring the enforcement of fines, and issues related to entering records into and using the “Unified Infringement Registry and Database,” which was introduced nationwide from January 1, 2026, and participants exchanged information.
